INTRODUCTION

I resigned from a psychiatric residency and gained 15 years experience in general practice medicine, most of it in overseas military and corporate settings. Since November 2004 I specialized in optimizing hormone levels/effects to optimize human health and well-being. Then in 2018, I discovered that my eldest daughter was infected with *Babesia odocoilei*, a sophisticated parasite that is in 20% of the deer ticks in the eastern US and Canada. I have presented this disease and its treatment at ILADS conferences.

ACADEMIC HISTORY

UNDERGRADUATE EDUCATION

Geneva College, Beaver Falls, Pennsylvania 15010
B.S. in Premedicine, May 1980, Summa Cum Laude

MEDICAL SCHOOL

Jefferson Medical College, Philadelphia, Pennsylvania 19107
M.D., 8 June 1984, Magna Cum Laude
Alpha Omega Alpha Honor Medical Society
The C.V. Mosby Company Prize (given to three outstanding graduates)
The Baldwin L. Keyes Prize in Psychiatry (honorable mention)
United States Air Force Health Professions Scholarship

INTERNSHIP

Wright State University School of Medicine Dayton, Ohio and Wright-Patterson Air Force Base Medical Center Wright-Patterson AFB, Ohio
Resident in Psychiatry, 1 July 1984 to 30 June 1985
Rotations: Psychiatry, Internal Medicine, Neurology, Emergency Room
Residency resigned voluntarily, June 1985, due to my disagreement with the dominant biomedical/pharmaceutical model in psychiatry

POSTGRADUATE COURSES

VECTOR-BORNE DISEASES COURSES AND CONFERENCES

Precision Medicine for Complex Disease, ILADS 2021 Annual Conference, Speaker
Vector-Borne Illness Fundamentals Course, ILADS 2021, Instructor
Debugging the Body and Brain, ILADS 2022 Annual Conference, Speaker

LICENSURE: Pennsylvania

PRACTICE HISTORY

USAF Medical Center Wright-Patterson AFB

Primary Care Clinic and Emergency Room, Dayton, OH
1 Jul 85 to 30 Aug 85
Temporary assignment after internship, awaiting orders.

USAF Clinic Izmir

Izmir, Turkey, 25 Sept 85 to 11 Jul 87
Chose an assignment as a General Medical Officer in a three-physician clinic with 24 hr. responsibility for 2300 Dept. of Defense personnel and dependents living in a large Turkish city. Provided routine outpatient care, temporary inpatient care, and emergency care. Consulted local specialists and arranged aeromedical evacuations as needed. Participated in disaster-response planning and exercises.

USAF Clinic Lowry

Lowry AFB, Denver, Colorado, 15 Sept 87 to 10 May 89
Chief of Clinic Services and Chief of Aeromedical Services (Flight Surgeon): Medical supervisor of all aspects of environmental health, industrial hygiene, flight medicine, and outpatient medical care for a base population of 9,000 active duty troops and a clinic with 50,000 outpatient visits per year. Created an urgent care appointment system that eliminated long sick-call waiting times.

Consulting Clinics

Riyadh, Kingdom of Saudi Arabia, 10 June 1989 to 29 April 1995
Medical Director for Boeing Corporation's Peace Shield and Peace Sentinel programs: A new position created for the purpose of improving the medical services rendered to approximately 1500 American personnel and dependents in the Kingdom of Saudi Arabia. Served as liaison between Boeing and various private and public medical facilities. For the Peace Shield Program, supervised 5 physician assistants working in remote sites and inspected local medical facilities at each of sixteen locations throughout Saudi Arabia. I resigned from this position after six years due to the isolation of working in Saudi Arabia and to establish a home in the US.

Resource Sciences Arabia Limited

Riyadh, Kingdom of Saudi Arabia, 7 July 1997 to 27 June 2001

Returned to Saudi Arabia to become Chief Physician, Boeing/McDonnell Douglas Peace Sun Program: Responsible for 4 clinics located throughout Saudi Arabia—providing medical care to over 3000 American defense contract employees and family members. I resigned in order to return to the US. I took a two-year break during which I was able to pursue interests outside of medicine and spend time with my family.

Concorde Inc.
1835 Market St. 12th floor, Philadelphia, PA 19103
2 Jan 2004 to June 2006
Medical Director of an occupational health company. Medical Review Officer for workplace drug testing results.

Lane Wellness Center
Tunkhannock, PA 18657
Nov. 2004 to Jan. 2007
Introduced to new ideas in hormone replacement. Began to specialize in the diagnosis and correction of hormonal disorders—including restoration of hormones lost to aging.

HormoneRestoration.com
166 West Tioga Street, Tunkhannock, PA 18657
Feb. 2007 to present
Solo private practice doing full-spectrum restorative endocrinology. Special expertise in thyroid and adrenal hormone restoration. See website for details. Since 2020 I have also been diagnosing and treating chronic babesiosis caused by *Babesia odocoilei*.

PUBLICATIONS

HOBBIES

I am an independent thinker and researcher and have studied philosophy, history, economics, psychology, and theoretical physics. I enjoy repairing and fine-tuning machines, from my 1953 Farmall SuperC tractor, to my 1992 Audi 100S, to computers. I'm the father of two young women whom we raised naturally, with attachment parenting and without any coercion or schooling.
